

**WE ♥ RETROFITS!**

LINEAR/TROFFER	VERTICAL	MULTI-PURPOSE	HORIZONTAL
<p><b>RKLN series</b></p> <p><b>2,250 - 7,050 LUMEN</b></p> <p>Retrofit kit for linear lighting fixtures, set of LED strips and driver, very easy to install</p> <p><b>20w - 50w LED</b></p> <p>Retrofit troffer or linear fixtures total 40w-120w fluoresc. equiv.</p> <p>with snap-on magnetic backing combine 2/3/4 ft strips to fit</p>	<p><b>BU series</b></p> <p><b>2,890 - 5,285 LUMEN</b></p> <p>Ultra compact LED bulbs to fit most mid-wattage commercial and industrial luminaries</p> <p>Replace vertical installed MH/HPS</p> <p>70w-175w MH equivalent</p> <p>30w - 50w LED</p> <p>Medium Base, optional Mogul for post top, bollard, can-light, etc.</p>	<p><b>BW series</b></p> <p><b>2,000 - 15,500 LUMEN</b></p> <p>Most versatile LED bulbs for commercial use, with built-in surge protection for reliability</p> <p>Replace any MH/HPS/CFL</p> <p>50-400w HID, 30-200w CFL equiv.</p> <p>15w - 125w LED</p> <p>Medium Base or Mogul Base for any MH/HPS/CFL fixtures.</p>	<p><b>BH series</b></p> <p><b>3,000 - 13,000 LUMEN</b></p> <p>Directional and rotatable, IES Type III or V lens, for LED retrofit of roadway, area or other fixtures</p> <p>Replace horizontally installed MH</p> <p>70w-400w MH equivalent</p> <p>27w - 115w LED</p> <p>E26 Medium or E39 Mogul base for any area, flood, wallpack lights</p>

**LED Highbay Lights**

<p><b>FLHA series</b></p> <p><b>11,700 - 42,000 LUMEN</b></p> <p>The most affordable high bay lighting solution with a wide range of lumen selections</p> <p>3x -10x "54w T5" equivalent</p> <p>90w - 321w LED up to 141 LPW</p>	<p><b>FLHS series</b></p> <p><b>14,700 - 56,000 LUMEN</b></p> <p>All models equip programmable bi-level occupancy sensor for maximum energy saving</p> <p>3x -10x "54w T5" equivalent</p> <p>110w - 420w LED up to 135 LPW</p>	<p><b>FHUE series</b></p> <p><b>13,000 - 21,000 LUMEN</b></p> <p>Affordable, compact and easy to install, fits most common applications</p> <p>250-400w MH equivalent</p> <p>100w / 150w LED up to 137 LPW</p>	<p><b>FHUS series</b></p> <p><b>7,000 - 40,000 LUMEN</b></p> <p>Ultra high efficient, come with bi-level occupancy sensor for maximum energy saving</p> <p>250-1000w MH equivalent</p> <p>60w - 250w LED up to 155 LPW</p>	<p><b>FHUP series</b></p> <p><b>13,900 - 32,000 LUMEN</b></p> <p>Advanced thermal design, optional occupancy sensor, wide range of lumen selections</p> <p>250-1000w MH equivalent</p> <p>100w - 240w LED up to 138 LPW</p>	<p><b>FHW series</b></p> <p><b>43,000 - 69,000 LUMEN</b></p> <p>Ultra high lumen outputs, active thermal management, heavy duty luminaries</p> <p>1000-1500w MH equivalent</p> <p>300w - 480w LED up to 141 LPW</p>	<p><b>XHB series</b></p> <p><b>20,700 - 28,200 LUMEN</b></p> <p>Highbay luminaries come with active thermal management and unique architecture design</p> <p>400-750w MH equivalent</p> <p>150w / 200w LED up to 140 LPW</p>
--	--	--	--	---	---	--

**LED Pole Top**

**FPTA series**

**4,000 - 10,200 LUMEN**

3000/4000/5000K tunable, install to standard tenon top pole optional bi-level motion sensor

Install to tenon top pole

100w-250w MH equivalent

35w / 55w / 75w LED

**LED Area/Flood Lights**

<p><b>FFLA series</b></p> <p><b>1,900 - 7,000 LUMEN</b></p> <p>Low to medium lumen outputs, compact design, provides illumination over a small area</p> <p>Knuckle, Trunnion, Flood mount</p> <p>50w-150w MH equivalent</p> <p>15w, 30w, 50w LED</p>	<p><b>FALB series</b></p> <p><b>10,100 - 37,400 LUMEN</b></p> <p>Medium to high lumen outputs, compact, provides illumination over a medium to large area</p> <p>Arm, Slipfitter, Flood mount</p> <p>150w-1000w MH equivalent</p> <p>80w - 300w LED</p>	<p><b>FALC series</b></p> <p><b>10,300 - 40,800 LUMEN</b></p> <p>Architecture grade, secondary 10ka surge protector, 7-prong receptacle, bi-level sensor option.</p> <p>Arm, Slipfitter, Trunnion mount</p> <p>150w-1000w MH equivalent</p> <p>80w - 300w LED</p>	<p><b>FFHP series</b></p> <p><b>51,000 - 135,000 LUMEN</b></p> <p>Ultra high lumen output, provides illumination over an extended large area</p> <p>Trunnion, Slipfitter mount</p> <p>1000w-2000w MH equivalent</p> <p>400w, 500w, 800w, 1000w LED</p>
--	---	---	--

**LED Sports**

**FFHS series**

**53,000 - 166,000 LUMEN**

Ultra high lumen output, provides long range illumination over an extended large area

Trunnion, Slipfitter mount

1000w-3000w MH equivalent

400w - 1200w LED

**LED Roadway**

**FSTA series**

**4,000 - 19,000 LUMEN**

LED solution for local, collector and major roadways, significantly reducing maintenance needs.

Install to roadway upsweep arms

70w-400w MH equivalent

30w - 165w LED

**LED Canopy/Garage/Lowbay Lights**

<p><b>FCPG series</b></p> <p><b>5,300 - 13,300 LUMEN</b></p> <p>Compact, provides illumination over an indoor/outdoor area with a low-medium ceiling</p> <p>Surface, conduit or susp. mount</p> <p>70w-320w MH equivalent</p> <p>40w - 100w LED</p>	<p><b>FCPB series</b></p> <p><b>14,800 LUMEN</b></p> <p>Slim design, provides illumination over an indoor/outdoor area with a medium-high ceiling</p> <p>Surface, conduit or 2x2' retrofit</p> <p>400w MH equivalent</p> <p>130w LED</p>	<p><b>FCPA series</b></p> <p><b>19,600 - 32,000 LUMEN</b></p> <p>Ultra slim design, provides illumination over an indoor/outdoor area with a higher ceiling</p> <p>Surface, conduit or 2x2' retrofit</p> <p>400w-750w MH equivalent</p> <p>150w - 240w LED</p>
---	--	--

**LED Troffer/Panel/Strip Lights**

<p><b>FPNB series</b></p> <p><b>3,200 - 6,600 LUMEN</b></p> <p>Flat panel, uniquely thin profile, with an even level of illumination. <b>Output and Color Tunable</b></p> <p>Lay-in, surface mount, flange kit total 60w-100w fluoresc. equiv.</p> <p>25w - 50w LED</p>	<p><b>FTFS series</b></p> <p><b>2,700 - 6,600 LUMEN</b></p> <p>Center basket troffer, provides efficient and volumetric output <b>Output and Color Tunable</b></p> <p>Lay-in, surface mount, flange kit total 60w-100w fluoresc. equiv.</p> <p>22w - 49w LED</p>	<p><b>FSLA series</b></p> <p><b>3,300 - 6,000 LUMEN</b></p> <p>Linear strip light, provides a clear look for commercial applications <b>Color Tunable</b></p> <p>surface/cable mount, 2ft, 4ft, 8ft total 32w-100w fluoresc. equiv.</p> <p>20w - 46w LED</p>
---	--	--

**LED Wall Lights**

<p><b>FWPT series</b></p> <p><b>4,300 - 15,500 LUMEN</b></p> <p>Traditional external design with internal benefit of LED for all wall mount applications</p> <p>Semi-cutoff, photocell option</p> <p>70w-400w MH equivalent</p> <p>35w - 120w LED</p>	<p><b>FWPR series</b></p> <p><b>3,200 - 13,400 LUMEN</b></p> <p>Full-cutoff design with rotatable high performance light module(s) for easy light beam control</p> <p>Full-cutoff, Rotatable module(s)</p> <p>70w-400w MH equivalent</p> <p>25w - 120w LED</p>
---	--

**LED Vapor Proof**

<p><b>FVTA series</b></p> <p><b>4,680 - 26,000 LUMEN</b></p> <p>Corrosion resistant, waterproof and dust-proof industrial lighting. Metal-locking system. NSF Certified.</p> <p>4ft (36w-200w) or 8ft (65w/100w) total 60w-450w fluoresc. equiv.</p> <p>36w/46w/65w/100w/150w/200w LED</p>	<p><b>FJAR series</b></p> <p><b>900 LUMEN</b></p> <p>LED Vaporproof Jelly Jars are IP66 rated against ingress of dust and pressurized water in harsh environments</p> <p>wall mount, ceiling mount</p> <p>100-watt incande. or 23-watt CFL equiv.</p> <p>14w LED</p>

**Real-time Utility Rebate Tool**

Searching for utility commercial and industrial program information and calculating rebate estimates meant spending a lot of time on the computer or phone.

We got the tool that you, your team, and your customers need to successfully navigate the world of energy efficiency, online, in Real-time.
