

IMPORTANT

SAFETY PRECAUTIONS

- To reduce the risk of death, personal injury or property damage from fire, electric shock, falling parts, cuts/abrasions, and other hazards, read all warnings and instructions included with and on the fixture box and all fixture labels.
- Before installing, servicing, or performing routine maintenance upon this equipment, follow these general precautions.
- Commercial installation, service and maintenance of luminaires should be performed by a qualified licensed electrician.
- For the installation: If you are unsure about the installation or maintenance of the luminaires, consult a qualified licensed electrician and check your local electrical code.
- To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.
- Do not make or alter any open holes in an enclosure of wiring or electrical components during kit installation.

INSTALLATION NOTE

- Turn off electrical power at fuse or circuit breaker box before wiring fixture to the power supply.
- Turn off the power when you perform any maintenance.
- Verify that supply voltage is correct by comparing it with the luminaire label information.
- All wiring connections should be capped with UL approved wire connectors.

WARNING

- Avoid direct eye exposure to the light source while it is on.
- Account for small parts and destroy packing material, as these may be hazardous to children.
- Risk of burn. Disconnect power and allow fixture to cool before handling fixture.

PREPARATION

LUMINAIRE	
LINE	LINE- BLACK
GREEN	GROUND-GREEN
NEUTRAL	NEUTRAL- WHITE
DIM (+) VIOLET	VIOLET
DIM (-) PINK	PINK

1. Remove the cover with a screwdriver, noting that screws and nuts are located inside the luminaire.
2. Assemble the screws and nuts as shown.
3. Insert the power cord through the cover opening as shown.
4. Connect the wires using quick connectors and wire caps.
5. Reattach the cover to the LED luminaire using the provided screws.
6. Hang the LED luminaire in the ceiling with the corresponding accessory for each ceiling type.

T-Grid Drop Ceiling

Suspended mounting kit and power cord are sold separately.
Parts list is for reference only; some items shown may not be included.

Power Feed

Non-power Feed

- 1 Armored Cable & Connector (By Others)
- 2 Branch Conductors (By Others)
- 3 4" Octagon Junction Box
- 4 Wire Nut
- 5 Assembled T-grid Clips
- 6 Screw 6#*4
- 7 T-grid (By Others)
- 8 Listed Cord Bushing (By Others) suitable for the cord size and the outlet box opening.
- 9 Ceiling Tile (By Others)
- 10 Power Cord
- 11 4" Canopy Power Kit
- 12 Cable Holder
- 13 Strain Relief Thread Nut
- 14 Aircraft Cable
- 15 2" Canopy
